MY SQL

Spring Boot

REACT JS

Git and Github

UI /UX

Imesh Rupasinghe

Assoc/Front End Developer

As a driven and ambitious undergraduate software engineering student, I am eager to embark on a professional journey as a Software/Webapp Developer. With a strong foundation in development using HTML, CSS, Javascript and JSP coupled with proficiency in various full-stack technologies like ReactJS, SpringBoot, MySQL, I possess the necessary skills and passion to create exceptional applications. My diverse experience and commitment to innovation make me an ideal candidate for web/app development roles.

Experience

Trainee Software Engineer - MD Soft Computer Solutions(pvt) Ltd

Oct 2023 - Present

Working as a Trainee Software Engineer in HTML, CSS, Javascript as frontend languages and Java and Servlet as backend tech.

Projects

Netflix Landing Page Clone

<https://github.com/imeshrup/Online-Supermarket-javaswing.git>

Netflix landing page using HTML, CSS and a bit of JavaScript for the tabs. Used modern CSS3+ techniques like Grid, Flex, overlays, shadows etc to design this page.

FaceBook Clone App ReactJS

<https://github.com/imeshrup/facebook-clone-app.git>

FaceBook Clone App built with ReactJS framework

Crud Operations Spring-Boot Application

<https://github.com/imeshrup/springboot-crud-operations.git>

Simple spring boot project to perform crud operations to the user

Hotel Mangament Project

https://github.com/imeshrup/Hotel_Mangament_Project.git

Hotel Management System built with OOP concepts. Classes and Objects, Also focussed on Inheritance, File Handling with Objects, ArrayList, implementing Interface, User defined exception and Exception handling.

Programming Languages & Frameworks

- HTML, CSS
- Javascript
- Jsp
- Kotlin
- SpringBoot
- Arduino

Tools

- IntelliJ IDEA
- Github
- VS code
- Postman
- PowerBi
- Jira
